

## B.TECH - III SEMESTER END EXAMINATIONS SUPPLEMENTARY (AUS24) - NOV 2026

### TIME TABLE

TIME: 10:00 AM to 01:00 PM

| S.No | Course Code | Course Name                                                          | Date<br>(Day)             |
|------|-------------|----------------------------------------------------------------------|---------------------------|
| 1    | 241MA003    | Integral Transforms & Applications of Partial Differential Equations | 02.11.2026<br>(Monday)    |
| 2    | 241MA005    | Numerical Methods & Integral Transforms                              |                           |
| 3    | 241EC001    | Digital Electronics & Logic Design                                   |                           |
| 4    | 241MA006    | Complex Variables & Statistical Methods                              |                           |
| 5    | 241MA010    | Engineering Mathematics-I                                            |                           |
| 6    | 241CS011    | Theory of Computation                                                |                           |
| 7    | 241CS013    | Operating Systems                                                    |                           |
| 8    | 241CE003    | Strength of Materials – I                                            | 04.11.2026<br>(Wednesday) |
| 9    | 241EE004    | DC Machines & Transformers                                           |                           |
| 10   | 241ME005    | Fluid Mechanics & Hydraulic Machines                                 |                           |
| 11   | 241MA007    | Transform Calculus                                                   |                           |
| 12   | 241MN001    | Introduction to Mechanical Engineering                               |                           |
| 13   | 241PT008    | Instrumentation & Process Control                                    |                           |
| 14   | 241PH003    | Engineering Physics                                                  |                           |
| 15   | 241CS008    | Object Oriented Programming through C++                              | 06.11.2026<br>(Friday)    |
| 16   | 241CE004    | Engineering Geology                                                  |                           |
| 17   | 241EE002    | Electromagnetic Theory                                               |                           |
| 18   | 241ME006    | Material Science and Deformation                                     |                           |
| 19   | 241MB002    | Engineering Economics                                                |                           |
| 20   | 241CH003    | Engineering Chemistry                                                |                           |
| 21   | 241IT005    | Database Management Systems                                          | 09.11.2026<br>(Monday)    |
| 22   | 241CE002    | Fluid Mechanics                                                      |                           |
| 23   | 241EE005    | Electrical Network Analysis-II                                       |                           |
| 24   | 241ME009    | Kinematics of Machinery                                              |                           |
| 25   | 241EC003    | Electronic Devices & Circuits                                        |                           |
| 26   | 241MN003    | Development of Mineral Deposits                                      |                           |
| 27   | 241PT039    | Fundamentals of Petroleum Engineering                                |                           |
| 28   | 241AE012    | Engineering Mechanics                                                |                           |
| 29   | 241MA008    | Discrete Mathematics                                                 |                           |
| 30   | 241MA009    | Probability & Statistics                                             |                           |

| S.No | Course Code | Course Name                                                   | Date (Day)                |
|------|-------------|---------------------------------------------------------------|---------------------------|
| 31   | 241CE005    | Geomatics Engineering                                         | 11.11.2026<br>(Wednesday) |
| 32   | 241EE008    | Analog Electronic Circuits                                    |                           |
| 33   | 241ME010    | Internal Combustion Engine                                    |                           |
| 34   | 241EC014    | Signals & Systems                                             |                           |
| 35   | 241MN005    | Mine Surveying                                                |                           |
| 36   | 241PT004    | Fluid Mechanics for Petroleum Engineers                       |                           |
| 37   | 241AE013    | Soil Mechanics                                                |                           |
| 38   | 241IT007    | Agile Software Engineering                                    |                           |
| 39   | 241MB001    | Engineering Economics & Management                            | 13.11.2026<br>(Friday)    |
| 40   | 241EE022    | Electrical Machine Design                                     |                           |
| 41   | 241PT038    | Fire Risk & Control                                           |                           |
| 42   | 241AE014    | Fluid Mechanics & Open Channel Hydraulics                     |                           |
| 43   | 241AI002    | Artificial Intelligence                                       |                           |
| 44   | 241AE015    | Engineering Properties of Agricultural Produce & Food Science | 16.11.2026<br>(Monday)    |
| 45   | 241CS034    | Fundamentals of Data Science                                  |                           |
| 46   | 241AE016    | Farm Machinery & Equipment-I                                  | 18.11.2026<br>(Wednesday) |

**NOTE:**In case of any omissions or clashes in the timetable, inform the undersigned immediately.

**DATE:** 31.08.2026
